The University is research oriented and is focusing on innovations and research.

ABOUT THE PHYSICS DEPARTMENT

The department of Physics was established at the inception of Shri JJTU University. The department has a long and distinguished history created by eminent faculty and researchers who have major contribution to science over the past decade. Department has well-furnished and well-equipped laboratories. Department offers a healthy combination of research and practice in the form of B.Sc., M.Sc. and Ph. D programs. The Physics acts as the core of science since most of the inventions are brought forth by it. The department offers a vibrant atmosphere to students and faculty members to participate in various aspects like workshop, seminars, conferences and symposiums.

ABOUT THE CONFERENCE

Shri Jagdishprasad Jhabarmal Tibrewala University is happy to announce the International Conference on “Advancing Knowledge from Multidisciplinary Approach In Physical Science” will be held on 23 & 24 February 2023 under the aegis of Department of Physics. The main aim of this conference is to enhance the knowledge about the Physical science. Physics is the language of nature and hence quite fascinating in all sciences. This conference will cover a wide range of research topics related to Physical Science. It allows the participants to exhibit their innovative ideas and to discuss with the expert.

OBJECTIVES OF CONFERENCE

- To provide a perfect platform for students, research scholars, faculties, scientists and industry personnel from the domain of Physics to express their innovative thoughts and unique research ideas at global platform, while exchanging scientific knowledge among participants.
- To foster interactions between participants from different regions and between faculties and students and researchers at an early stage of the careers.

- To provide the opportunity for scholars, researchers, students to publish their research work in international conference series journal.
- To present cutting, edge multidisciplinary research from the interface of sciences , engineering , technology , agriculture ,education, social sciences and health sector.

CONFERENCE COVERS THE FOLLOWING THEMES

- ❖ Interdisciplinary topics relevant to condensed matter Physics
- ❖ Nuclear and particle Physics
- ❖ Laser science and technology
- ❖ Laser Spectroscopy and Microscopy
- ❖ Nano – materials and Nano-Engineering
- ❖ Superconductivity & Radiation - Matter interaction
- ❖ Nanoparticles synthesis and applications
- ❖ Nano Electronics and photonics
- ❖ Novel conductors ,Insulators and semiconductors Materials and devices
- ❖ Plasma physics & Computational Physics
- ❖ Superconductivity, Magnetism and Spintronics
- ❖ Astronomy and Astrophysics
- ❖ Microwave Electronics and Applications
