About the Conference

The rapid evolution of digital technologies—particularly Artificial Intelligence (AI), cyber security systems, and data-Driven governance—has fundamentally transformed legal systems worldwide. These advancements have introduced complex challenges relating to privacy, security, accountability, and regulatory frameworks, while simultaneously creating new opportunities for innovation, efficiency, and access to justice.

This National Conference aims to provide a dynamic platform for academicians, legal professionals, policymakers, researchers, and students to critically engage with the emerging intersections of law and digital technology. It seeks to explore how legal systems can adapt to technological disruptions while safeguarding fundamental rights, promoting ethical innovation, and ensuring robust governance structures.

About the Institute

The Institute of Law at Shri JYT University is a distinguished center for legal education, committed to nurturing legal professionals who excel in scholarship, ethical practice, and social responsibility. Our institute provides a comprehensive and rigorous legal education, fostering critical thinking, legal research, and a commitment to justice.
